Professional Assessment

This is an exceptional high-end music room featuring a coffered rotunda ceiling with hand-painted cloud detail and a stunning crystal chandelier. The five windows — a bay configuration plus two flanking singles — are dressed in floor-length triple pinch-pleat drapery in a silver-gray dupioni silk or linen blend with a subtle sparkle/dot texture. The fabric beautifully complements the room's botanical wallpaper mural and neutral palette. We recommend maintaining the pinch-pleat heading with 2.5x fullness, blackout or thermal lining to protect the grand piano from UV exposure, and decorative rod hardware in brushed gold or champagne finish to coordinate with the chandelier. This is a portfolio-worthy installation.
